#### WEDDING PROPOSAL:

Few images equal the wonder of a fairy-tale wedding in a medieval castle. A princess wearing her finest blue garments...a noble knight in his shiniest armor...the lord and his lady presiding from a table of honor...and the entire village attending to witness the glorious event.

A **Medieval-style symbolic ceremony**, where the wedding is proposed in a fifteenth-century setting.

A unconventional wedding, fascinating for the bridegrooms and their guests: the wedding reception will be livened up by Jesters, Jugglers, Dancing-girls, Musicians, Falconers and Duels. At the banquet historical and traditional meals will be served in crockpot recipes with wooden handle flatwares.

The tables will be enriched by artisanal centerpieces.

The background actors will wear medieval clothings.

Upon request, the bridegrooms will have the chance to hire or to buy medieval costumes for the bride, the groom or the wedding guests, if they have the desire to engage the participants in a true jump in the past.

A unique experience for a special day!
