## **SECOND DAY: A DEEP CULINARY EXPERIENCE**

Travel back in time, 2400 years ago, exploring Naples Underground at Forty meters below the lively streets of the Historic Center of Naples.

**Naples underground** is a different world, unexplored, isolated by time, but deeply connected with the world above.

**Gala dinner in a private Historic Villa:** at the turn of the Nineteenth century a British aristocrat, who had fallen in love with a young beautiful Neapolitan lady, had a mansion built for her on the hill of Posillipo; the seat, plunged into a deep vegetation, with an astonishing view on Capri was elected for being fresh and windy, for its sweet dry and healthy climate.

The Villa, on **Posillipo hill**, reminds a Naples whose streets were still crossed by horses and coaches which climbed into the countryside.

In the Eighties of the last century the villa was purchased by the current owners and today its doors are open to a cultivated and inquiring audience by offering a menu which spreads from the "nouvelle cuisine" to the **traditional food of the Neapolitan kitchen**.

Located in one of the many beautiful areas of the city, guests can enjoy a **breathtaking view of the coast**, with a unique panorama of the city.
